

# Leadership

## Course Description:

This course provides students with an in-depth understanding of leadership, focusing on various leadership styles, key leadership traits, and project management principles. Students will develop the skills necessary to lead effectively, manage teams, and oversee projects successfully. Through case studies, discussions, and hands-on projects, participants will gain practical insights into leadership in different contexts.

## Course Objectives:

By the end of this course, students will be able to:

- Identify and analyze different leadership styles and their impact on organizations.
- Recognize key leadership traits and develop strategies to enhance their own leadership abilities.
- Apply project management principles to plan, execute, and evaluate successful projects.
- Improve communication, decision-making, and problem-solving skills in leadership roles.
- Reflect on leadership experiences to assess strengths and areas for improvement.
